Birds in the Classroom - Grant Application

McHenry County Audubon offers grants throughout the year, up to \$500.00 each, to accredited McHenry County Schools and/or Classrooms (grades K - 12) for the purpose of furthering the understanding and appreciation of local bird species and their habitat needs - in our county and beyond. Projects that may be considered include but are not limited to: bird feeding stations, bird-friendly plants for schoolyard habitat enhancement and/or interpretive signage for the same, binoculars, bird books, curricular materials, audio-visual materials, partnership building with schools in "our" birds' wintering grounds, transportation funding for bird-related field trips, etc... *Caged birds are NOT considered.*

Date	School Principal
Name of School	
Name of Project Coordinator	
Title of Project Coordinator	
Street Address	
City, State, Zip	
Email(s) of Applicant(s)	
School Phone Number	Contact Applicant Cell Phone
Web Address of School	
Grade(s) of students who will benefit	
Number of Students in a single school year who will benefit	
Will the project benefit students in following years?	
Amount of money you are requesting from this McHenry County Audubon Grant:	
To whom should the check be made?	
Will you have matching funds?	
If yes, what is the source of matching funds?	

Proposal Narrative

On one separate page(s) with 1" margins, typed single-spaced in 12 point font, describe your proposed project. Include objective, purposes and goals. If applicable, include methods and a time line of project phases. Describe how the project will be supported by your school. Where applicable, describe how your project may benefit students in subsequent years. Visuals that will help describe the project may be included, not to exceed two pages.

Email a pdf copy of this application form, along with the narrative and supporting materials to grant committee chairperson Jennifer Fiske at jsharpf@yahoo.com
